

Codeword Barbelon - Danger in the Vatican: The Sons of Loyola and Their Plans for World Domination.... (Bk. 1)

Utilizing records inaccessible to or overlooked by other writers, P.D. Stuart reveals the identity of the power about which President Woodrow Wilson once said: the few who are aware of it, dare not speak above their breath when they speak in condemnation of it...A work of great insight and moral courage this work exposes in unequivocal terms the secrets connections, the oaths and codewords of the powers that be...Good historians, wrote Horace Walpole, are the most scarce of all writers, and no wonder! A good style is not very common; thorough information is still rare; and if these meet, what a chance that impartiality should be added to them! P.D. Stuarts work possesses all of these qualities. Consisting of 48 chapters, and hundreds of footnotes and references, Codeword Barbelon covers a vast period of history, from the second and third centuries to the present day. Spatially, the work spans three continents, and focuses on Europe and North America and the hidden influence of secret societies on that continent. Indeed, reading Codeword Barbelon, one cannot help but feel as if he were travelling in H. G. Wells time machine, finding himself sometimes at the City of Rome in the 16th Century, at other times in Bavarian Germany in the 18th Century, yet at other times in the political intrigues of North America in the 19th, 20th and 21st Centuries. In doing so Codeword Barbelon uncovers a plot so sinister, that in the words of ex-FBI Director and founder, J. Edgar Hoover: The individual...coming face-to-face with a conspiracy so monstrous...cannot believe it exists... You will discover who controls Bank of America, Fox News, Times News and many other corporations and media entities...Codeword Barbelon is a tough book: direct, honest, and thought provoking, with no compromise, no apologies, and no vagaries; it spares no characters - all are lashed without

ceremony. It connects the dots completely, thoroughly, and intelligently. An instance of high scholarship and intelligence, this book recounts the little known history of the Illuminati, and reviews how knowledge of this secret organization was transmitted to America; and importantly how it has ruled the world from that country ever since. Rarely does one source connect the dots as completely, thoroughly, and intelligently as does this one!

NEWAGEOFTRUTH There's been too many lies and not enough truth stay updated via rss MY NEW PLAYLIST Why are some looking forward to the end of days? Posted: July 26, 2016 in Cheating, Education, Evil, Politics, Religion, Social Issues Tags: Armageddon, bible, Christianity, Conspiracy theory, Prophecy, Y2K 0 end of days Some temptations are just too good to pass up. My curiosity got the best of me the other day and I gave in by watching one of those "End of the World" conspiracies videos. This time around the date is set for July 29, 2016. So in three days the biblical prophecies will come true and we will be swallowed up by hell fire while the others who are "saved" will rejoice in the heavens.
