

The Long Good-bye: Losing Life To Dementia

Dementia is a mine-field of experiences and discoveries and this book relates the heart-rending journey of a daughter and her mother to the end of a frustrating and often confusing disease. Living with dementia requires a whole new set of rules and Roberts explains as she goes what is happening both from her experiences as well as from her mothers view point. The Long Good-bye puts the progression of the disease out front and allows the reader to see how the trip could have been a little smoother. Roberts offers a number of ways to prepare for the end as well as suggestions for the caregiver from the onset to choosing a facility, to making the end easier.

NEWAGEOFTRUTH There's been too many lies and not enough truth stay updated via rss MY NEW PLAYLIST Why are some looking forward to the end of days? Posted: July 26, 2016 in Cheating, Education, Evil, Politics, Religion, Social Issues Tags: Armageddon, bible, Christianity, Conspiracy theory, Prophecy, Y2K 0 end of days Some temptations are just too good to pass up. My curiosity got the best of me the other day and I gave in by watching one of those "End of the World" conspiracies videos. This time around the date is set for July 29, 2016. So in three days the biblical prophecies will come true and we will be swallowed up by hell fire while the others who are "saved" will rejoice in the heavens.
