

## Mindful Mosaic: Abstract Doodles to Color

Is that a shell? A pile of rocks? Waves, leaves, clouds? A stained glass window? Or just an inviting group of lines and shapes? And what do you want to do with it? Its all up to you, and it doesnt matter what you decide. This coloring book is a no-pressure invitation -- to play, explore, focus, dream, or rest. These 45 abstract, mosaic-style doodles can stimulate your imagination, free you from constraints, and pull you into a whimsical world of color. Color the shapes, color the spaces between the shapes, or color both. Emphasize patterns or fill spaces randomly. Use ninety-six colors or six, or just one! Get out a fine-tip pen and add to the designs -- draw in borders, or shapes within or around the given shapes. There are even some blank pages at the end to fill with your own completely original doodles. Note: Drawings are printed on only one side of the page.

My curiosity got the best of me the other day and I gave in by watching one of those "End of the World" conspiracies videos. This time around the date is set for July 29, 2016. So in three days the biblical prophecies will come true and we will be swallowed up by hell fire while the others who are "saved" will rejoice in the heavens.
