

Seriously Funny Rugby League: 21 Years of Looking at the Lighter Side

Demanding speed and aggression combined with skill and dexterity, rugby league is a magnificent showpiece with exciting on-the-pitch competition that captivates existing fans and newcomers to the sport alike. Photographers Dave Williams and Sig Kasatkin have captured the best of the action for newspapers and magazines for the last 21 years, and Seriously Funny Rugby League is a collection of humorous images celebrating their time in the game. Featuring many great players in comical poses and situations, including bottoms, bonnets, nosebleeds and giants, Williams and Kasatkin are bound to make you smile as you thumb through the pages. But as well as the mirth and jollity, the authors have included a selection of their favourite photographs featuring the games biggest stars, all compiled to make a superb and entertaining visual record of the last two decades.

My curiosity got the best of me the other day and I gave in by watching one of those "End of the World" conspiracies videos. This time around the date is set for July 29, 2016. So in three days the biblical prophecies will come true and we will be swallowed up by hell fire while the others who are "saved" will rejoice in the heavens.
