

Autism Movement Therapy (R) Method: Waking up the Brain!

A practical guide to the innovative Autism Movement Therapy (AMT) approach - structured movement and music classes designed to stimulate the brain, aid sensory processing and decrease problem behaviours in children with autism spectrum disorders. Reflecting a growing interest in the body-brain connection, and incorporating the principles of Applied Behavior Analysis, the AMT approach uses music and movement to develop audio, visual, gross motor and spatial awareness skills in children with autism. The book breaks down the components of the typical 45 minute session, from circle games to story dances, and explains how the reader can create their own AMT program. This exciting new approach will complement other therapeutic techniques for children on the autism spectrum and can be used by a wide range of professionals, such as teachers, arts therapists and dance instructors, as well as parents and carers.

NEWAGEOFTRUTH There's been too many lies and not enough truth stay updated via rss MY NEW PLAYLIST Why are some looking forward to the end of days? Posted: July 26, 2016 in Cheating, Education, Evil, Politics, Religion, Social Issues Tags: Armageddon, bible, Christianity, Conspiracy theory, Prophecy, Y2K 0 end of days Some temptations are just to good to pass up. My curiosity got the best of me the other day and I gave in by watching one of those "End of the World" conspiracies videos. This time around the date is set for July 29, 2016. So in three days the biblical prophecies will come true and we will be swallowed up by hell fire while the others who are "saved" will rejoice in the heavens.
