

On the Trail of John Muir

Part of a series of guides following key figures and themes, this book looks at the life and work of John Muir, who made the US go green was a trailblazer of world conservation, and was voted Man of the Millennium in the US. It features information on the trusts and organizations continuing his work, boasting thousands of members in Britain and the US, and draws on his books, articles, letters and diaries. The authoress is an authority on Muir and a world traveller who set herself on the trail of John Muir in order to write the book, and the book includes insights into a hero of world conservation.

My curiosity got the best of me the other day and I gave in by watching one of those "End of the World" conspiracies videos. This time around the date is set for July 29, 2016. So in three days the biblical prophecies will come true and we will be swallowed up by hell fire while the others who are "saved" will rejoice in the heavens.
