

The Encyclopedia of Stress and Stress-Related Diseases (Facts on File Library of Health & Living)

Many doctors agree that stress may be a significant factor in nearly 80 percent of their patients ailments. This book provides a comprehensive reference to all types of stress, their causes, their impact on health, and how to cope with and treat them. It covers advances in mental health, information about stress, and forms and causes of stress.

My curiosity got the best of me the other day and I gave in by watching one of those "End of the World" conspiracies videos. This time around the date is set for July 29, 2016. So in three days the biblical prophecies will come true and we will be swallowed up by hell fire while the others who are "saved" will rejoice in the heavens.
