

# Manage It!: Your Guide to Modern, Pragmatic Project Management

This book is a reality-based guide for modern projects. You'll learn how to recognize your projects potholes and ruts, and determine the best way to fix problems - without causing more problems. Your project can't fail. That's a lot of pressure on you, and yet you don't want to buy into any one specific process, methodology, or lifecycle. Your project is different. It doesn't fit into those neat descriptions. Manage It! will show you how to beg, borrow, and steal from the best methodologies to fit your particular project. It will help you find what works best for you and not for some mythological project that doesn't even exist. Before you know it, your project will be on track and headed to a successful conclusion.

NEWAGEOFTRUTH There's been too many lies and not enough truth stay updated via rss MY NEW PLAYLIST Why are some looking forward to the end of days? Posted: July 26, 2016 in Cheating, Education, Evil, Politics, Religion, Social Issues Tags: Armageddon, bible, Christianity, Conspiracy theory, Prophecy, Y2K 0 end of days Some temptations are just too good to pass up. My curiosity got the best of me the other day and I gave in by watching one of those "End of the World" conspiracies videos. This time around the date is set for July 29, 2016. So in three days the biblical prophecies will come true and we will be swallowed up by hell fire while the others who are "saved" will rejoice in the heavens.
