

Uprising: How to Build a Brand--and Change the World--By Sparking Cultural Movements

The secret to movement marketing? Your customers want to make a difference Scott Goodson and his StrawberryFrog colleagues have found the secret to plugging into Purpose with a capital P: find out what moves people to action, then create a way to support and enhance that movement with your product, service, or craft. I call that a winning strategy. Daniel H. Pink, author of *Drive* and *A Whole New Mind* Want to change your customers buying habits? Want to change the world? Stop marketing, read this book, roll up your sleeves, and start a movement. Sally Hogshead, author of *Fascinate* and creator of *HowToFascinate.com* Essential stuff. One of the smartest thinkers on branding on one of the most important developments in that critical intersection between culture and marketing. Adam Morgan, author of *Eating the Big Fish* and *The Pirate Inside* A well-researched and insightful book that will hopefully spark a movement against traditional, stodgy marketing. A must-read for the new generation of marketers who will be defining tomorrow's marketing landscape. Boutros Boutros, Senior Vice President, Emirates Airline About the Book: Movement marketing is changing the world. Its the new way forward for anyone trying to win customers loyalty, influence public opinion, and even change the world. In *Uprising*, Scott Goodson, founder and CEO of StrawberryFrog, the worlds first cultural movement agency, shows how your idea or organization can successfully ride this wave of cultural movements to authentically connect to the lives and passions of people everywhere. We are in the midst of a profound cultural transformation in which technology is making it easier than ever for anyone to share ideas, goals, and interests. Working with companies and brands ranging from SmartCar to Pampers to Jim Beam to Indias Mahindra Group, StrawberryFrog and Goodson have led a paradigm focal

shift away from one-on-one selling to sharing. Using client case studies and contributions from a global team of movement marketing forerunners?among them, political guru Mark McKinnon; Lee Clow, creative chief at TBWA/Chiat/Day; Apple evangelist Guy Kawasaki; and Marty Cooke, who helped make yellow LIVESTRONG bracelets synonymous with the fight against cancer?Goodson details why and how individuals and companies are embracing the movement phenomenon. He then applies these insights to practical steps that you can take right now to reach people through what matters most to them, including: Stop talking about yourself?let the movement control your message Home in on the core objectives of your concept or brand?and align these values with what people are for (or against) Light the spark?create a culture within your organization that can embrace and drive a movement Leverage your assets?content, events, expertise, connecting platforms?to give people tools to spread your gospel Adjust concepts to travel across borders and link people across cultural boundaries The examples and guidance in this book will prepare you to find, connect to, and even lead the next big movement. What happens next is up to you. Get up. Go out. And create a brand Uprising of your own.

My curiosity got the best of me the other day and I gave in by watching one of those "End of the World" conspiracies videos. This time around the date is set for July 29, 2016. So in three days the biblical prophecies will come true and we will be swallowed up by hell fire while the others who are "saved" will rejoice in the heavens.
