

Pintapalooza (Show Me The Money Book 1)

It was my college-student daughters who told me about Pinterest. Naturally. How pretty, I thought. Gosh, these girls are getting awfully specific on what they want in their wedding. I knew one of them was dating, but I had no idea it was this serious. Ooh, that's a nice photo of Bora Bora. Check out these cool fonts that are free downloads...there are that many red shoes in the world. . . and I was hooked! So Many Pretty Pictures, But Was Anyone Standing Out? Was Anyone Able To Leverage Any Traffic? So many images flying by! They're intriguing, curious, funny, clever in some cases, there sure is a lot of them! It was hard to see a rhythm. At the time, I'm not even sure I was looking for one. I was grazing. Window-shopping. I could organize the things I'd love to have into specific categories; in that sense I sort of owned it. The idea of it anyway. It was the ultimate Recession-proof way to shop! Was anyone making any money? There were claims - some ridiculous - and I could see how it would work for people selling hand-made accessories or shoes but how would it work for other businesses. How could those professionals in the non-visual professions get in front of this kind of massive, excitingly enormous traffic? Yes, there's the gift section but that thing is a mess! Just organized by price band, how would anyone find anything specific? And maybe that was the point, really, folks just go there when they're looking for ideas and inspiration. Pinterest, for me, was pretty, time-consuming and curious...not particularly profitable. Then wonder struck! One particular pin went viral, my traffic exploded and since then I have seen an impressive up-tick in all of my numbers. The money is there. This book outlines how to make the most of Pinterest, whether for your business or hobby. With tools, metrics and simple, illustrated steps you will be able to rock your own Pinterest experience. Know where the most

My curiosity got the best of me the other day and I gave in by watching one of those "End of the World" conspiracies videos. This time around the date is set for July 29, 2016. So in three days the biblical prophecies will come true and we will be swallowed up by hell fire while the others who are "saved" will rejoice in the heavens.
