

Behind the Scrum: The Autobiography

At the age of 22, Kyran Bracken made his England debut in the toughest imaginable circumstances, taking on the formidable All Blacks. From the start he was targeted by the opposition, but he battled on through the painful knocks to help his side to a rare victory. Things didn't get any easier in the rest of his career. Bracken's story is not a simple one of games played and victories won; it is a moving account of one man's struggle with himself, brilliantly told by one of rugby's most intelligent and charming characters. It is more than a rugby story, but a tale of triumph over adversity that can appeal far beyond the rugby market.

My curiosity got the best of me the other day and I gave in by watching one of those "End of the World" conspiracies videos. This time around the date is set for July 29, 2016. So in three days the biblical prophecies will come true and we will be swallowed up by hell fire while the others who are "saved" will rejoice in the heavens.
