

Red-Tails in Love: PALE MALES STORY--A True Wildlife Drama in Central Park (Vintage Departures)

Marie Winn is our guide into a secret world, a true wilderness in the heart of a city. The scene is New York's Central Park, but the rich natural history that emerges here--the loons, raccoons, woodpeckers, owls, and hundreds of visiting songbirds--will appeal to wildlife lovers everywhere. At its heart is the saga of the Fifth Avenue hawks, which begins as a love story and develops into a full-fledged mystery. At the outset of our journey we meet the Regulars, a small band of nature lovers who devote themselves to the park and its wildlife. As they watch Pale Male, a remarkable young red-tailed hawk, woo and win his first mate, they are soon transformed into addicted hawk-watchers. From a bench at the park's model-boat pond they observe the hawks building a nest in an astonishing spot--a high ledge of a Fifth Avenue building three floors above Mary Tyler Moore's apartment and across the street from Woody Allen's. The drama of the Fifth Avenue hawks--hunting, courting, mating, and striving against great odds to raise a family in their unprecedented nest site--is alternately hilarious and heartbreaking. Red-Tails in Love will delight and inspire readers for years to come. From the Hardcover edition.

My curiosity got the best of me the other day and I gave in by watching one of those "End of the World" conspiracies videos. This time around the date is set for July 29, 2016. So in three days the biblical prophecies will come true and we will be swallowed up by hell fire while the others who are "saved" will rejoice in the heavens.
