

DreamLab7 Study Guide: Understanding the Language of Dreams & Visions

DreamLab7 study guide consists of 136 pages of teaching, instruction, guidelines and articles directly related to hearing the voice of God and dream and vision interpretation. I have categorized all sections of this study guide to help facilitate your learning and retention process. It's a method that I have found to be most beneficial in advancing knowledge and skill in this learning manner. Among these pages there are sections that include biblical dream examples, several new dreams, dreams I've interpreted, assorted dreams to challenge your interpretive skill, typical common dreams, information about the symbolic meanings of numbers, colors, animals, types and categories of dreams, pages for a personal journal, practice sheets and note pages for a symbolic dictionary.

My purpose is to help you unlock the spiritual meanings of your dreams and the dreams of others. I'm confident that by applying this information it will enable you to uncover the answers to the perplexing dilemmas of everyday life while at the same time experiencing personal growth and encouragement. This study guide will significantly enhance your journey.

DreamLab7 study guide offers several choice opportunities of study. You can study in the privacy of your own home at a time convenient to your schedule or select individual mentoring with Pastor Mary Ann, or in a group setting workshop or seminar. It will introduce you to the importance of symbolism that reveals how integral a part it plays in dreams and visions as well as everyday life. This study guide, from beginning to end, will provoke questions that will challenge you to investigate dreams that may be puzzling and perplexing. With more understanding of how the Creator speaks to us in parables, you will begin to grasp the destiny he has purposed for you from the beginning of time. This book is not a set of rules but rather proven guidelines and principals that

will motivate you in exercising your spiritual senses while at the same time helping you learn and practice the skill involved in spiritually based dream and vision interpretation. You will walk through dreams from historical writings and actual dreams that I have interpreted.

It is a journey into the heart of God and I believe that if you have a desire to understand your dreams it is a desire that was divinely placed there by God. Have questions or need assistance regarding this study guide or dream interpretation: Contact: <http://dreamlab7.com>
