Micro Outsourcing with Fiverr and SEO Clerk The Top Rated Fiverr & SEO Clerk Gigs for Authors and Publishers The power of content cannot be denied. Your audience loves to consume it in a variety of ways text, video, audio and pictures. These days, you dont need proof to verify that a lot of people spend their time online. Whether it is checking out the latest updates on their Twitter feed or looking for a new book to read, more and more people are turning to the internet to look for information. As big as the web is, theres always a way a potential client can find their way to you, and that is through what we call marketing. And to succeed in that aspect of business, you need to have a well thought of marketing campaign. The only question is: Do you actually have the time to think about that? Suppose youre a writer who wants to publish a book independently through Kindle. Its owned by Amazon, which is one of the biggest brand names in the world right now and will be for a number of years. Once youre done with your book and youve got it ready to be purchased on Kindle, do you just stop there? What about promotion? What about getting word around about the book that youre writing? What should you publish on your blog while in the writing process? All of these side tasks seem like a lot of work, but did you know that you can seek assistance for not-so-hefty a price? Do you want somebody to spread the word about your book? Why not hire somebody who can do that on Twitter for a minimal fee? Do you want somebody to create infographics for the steps in your DIY book that you can publish on your site? Why not hire an artist who can do just that for a very comfortable price? Do you want somebody to update your blog with interesting content that will keep visitors coming back for more? Why not hire a writer who can provide services at a very affordable rate? The point is this: getting

help and not having to spend much is very much possible. And that's the reason the Micro Outsourcing Almanac exists to give you access to individuals who are willing to do tasks for you at cost-effective rates. In this book, you will find sources to help you with a great deal of tasks, and these include: - Amazon Book Marketing Kindle Formatting CreateSpace - Kindle Marketing - Account Creation - Proofreading or Copy Editing - Ghostwriting - Infographics - Video Testimonials - Web Trailers, Whiteboard Scribes Powerpoint Video Production Video Animation - Virtual Assistants - Translation - Legal - Wordpress - Email Marketing - Document Sharing Video Sharing - Classified Ads - SEO Backlinking Link Pyramids - Web 2.0 - Voice Over Transcription - Video Views Comments Likes - Press Release - Social Bookmarking - Keyword Research - Website Traffic - Twitter - Pinterest - Article Writing Marketing Rewriting Spinning We all need help, especially in matters we don't quite understand or know how to do. And the internet is filled with knowledgeable people who provide services for you at very affordable prices. With this book, you'll find access to an amazing wealth of individuals from writers to legal professionals who can help you focus better on what you do best.

My curiosity got the best of me the other day and I gave in by watching one of those "End of the World" conspiracies videos. This time around the date is set for July 29, 2016. So in three days the biblical prophecies will come true and we will be swallowed up by hell fire while the others who are "saved" will rejoice in the heavens.
