

The Missing Dimension in International Marketing Strategy: National Branding, Positioning, Competitiveness

This book deals with the intricacies of international marketing and covers other unique topics not normally covered in international marketing but which are now a necessity because of the complexity of the modern market place. The book also aims to:- Bring the reality of the critical importance of international marketing in nation building and international business excellence. The book also discusses the new and increasingly important topic of national branding. Nations and MNCs have realized that without national branding countries cannot realize international business excellence. Give international marketing strategists and practitioners, researchers and college/university students new ideas on strategic marketing at international level. The strategically important issues of strategic planning, TQM, corruption, ethics, corporate governance, export plans, social responsibility and innovation are also covered comprehensively as well as the effects of forged and fake degree holders on TQM.

My curiosity got the best of me the other day and I gave in by watching one of those "End of the World" conspiracies videos. This time around the date is set for July 29, 2016. So in three days the biblical prophecies will come true and we will be swallowed up by hell fire while the others who are "saved" will rejoice in the heavens.
