

The Minority Report-Prelude To The State Of The World

THE MINORITY REPORT- PRELUDE TO THE STATE OF THE WORLD This book contains an explosive cocktail of life altering information. The author assists his readers by helping to remove the scales from their eyes. This book analyzes the hopelessness, despair, physical and spiritual death present in the minority community, and shows the connection to the assassinations of black leaders during the 60s and the dismantling of groups like the Panthers to the problems we see today. Kijani explains how the crack epidemic was spawned in the minority community and how the war on drugs began to erode our liberties. He also explains how hip-hop has played a role in glamorizing dope dealing and the senseless murder of our own people. He follows this by explaining that since the events of 9/11 how the state of the world has changed, and developments we see such as the push for globalization, RFID chips being implanted in humans, and a cashless society is being orchestrated by a secret society or global elite rooted in the occult paving the way for the antichrist. Truly not recommended for the faint of heart. Kijani implores his readers to WAKE UP!!!!!!!
