

## Mother Goose In Prose Collection

None of us, whether children or adults, needs an introduction to Mother Goose. Those things which are earliest impressed upon our minds cling to them most tenaciously. The snatches sung in the nursery are never forgotten, nor are they ever recalled without bringing back with them myriads of slumbering feelings and half-forgotten images. But who, in our century, has heard the nursery rhymes told in prose? Enter L. Frank Baum, author of The Wizard of Oz (the original) and whose story telling works like magic to reintroduce us to our old-time favorites. We've added new images to the old stories, and the result is a brand new world to explore once again.
