

The Operational Auditing Handbook: Auditing Business Processes

This book is not essentially a how to audit book, but rather it serves to raise the consciousness of the underlying issues, risk and objectives for a wide range of operations and activities. It stimulates creative thought about the business context of operational audit reviews.

My curiosity got the best of me the other day and I gave in by watching one of those "End of the World" conspiracies videos. This time around the date is set for July 29, 2016. So in three days the biblical prophecies will come true and we will be swallowed up by hell fire while the others who are "saved" will rejoice in the heavens.
