

## Moving Abroad: A Tax Planning Handbook 2014/2015

This book is designed to help those living or working abroad pay less tax on their income and investments. This is an important and sophisticated area of tax planning. Moving yourself or your assets abroad is in many respects the ultimate form of tax avoidance and in some cases it is possible to reduce your tax bill to zero. However, there are traps to avoid and pitfalls to negotiate. This publication highlights some of the key tax-planning opportunities and dangers, focusing on the UK's four major taxes: income tax, capital gains tax, inheritance tax and corporation tax.
