

AFRAID OF THE DARK (THE BEGINNING Book 1)

There is nothing in this book that should shock you. It's the life we live in. One out of every five families have some type of generational curse that they are currently living in. Ada took the generational curses of her family and used her experiences to reach out to others. This series of books deals in depression, self worth, molestation, child abuse, teen pregnancy and other issues that plague our families today. It shows that the things that you experience as a child can really stick with you and make or break your future. It shows that with faith all things become possible. Ada goes into deep depression that puts her into a life of darkness. Take a ride on her journey as she finds her way out of darkness. This book will bring tears to your eyes, you will question the validity of her story. It all happened each and every moment of it. Ada took what the devil meant for evil and decided to create something good. Molested as a child, absent father, teen pregnancy, low self esteem, abuse, depression..look to your right and then your left..the person you are sitting beside may have experienced exactly what Ada did. She isn't different from any of you..Pain has given her life! Now the mother of 4, she lives!! :)

My curiosity got the best of me the other day and I gave in by watching one of those "End of the World" conspiracies videos. This time around the date is set for July 29, 2016. So in three days the biblical prophecies will come true and we will be swallowed up by hell fire while the others who are "saved" will rejoice in the heavens.
