

United States Executive [Enlarged and Tubed] (National Geographic Reference Map)

National Geographic's Executive reference map of the United States features all 50 States with insets for Alaska and Hawaii in antique-executive cartographic style. Each state is colored to clearly define borders and shaded relief accentuates geographical features. All major cities, transportation routes, state boundaries, National Parks, lakes and rivers, and mountain ranges are clearly displayed and labeled. Enlarged maps provide an immersive experience in any home or office environment. The exceptional cartography is even easier to appreciate at the larger size. The map is packaged in a two inch diameter clear plastic tube. The tube has a decorative label showing a thumbnail of the map with dimensions and other pertinent information. Map Scale = 1:2,815,000 Sheet Size = 69.25 x 48
