

Last Snow of Winter

As spring break arrives, Mark Poole is focused on his goal of becoming a veterinarian, set on pleasing his proud parents even though he really wants to be artist. He also carefully keeps his desires frozen-for their sake. But he cant help the attraction he feels for the burly, unapproachable lineman who shares two of his classes. Cliff Stevens is equally set on achieving his adopted dream of becoming a professional football player to the exclusion of almost everything else. Cliff drifts through the days alone, but he can guess what Mark has in mind when he catches him watching one day. After an accidental encounter, Cliff proposes a bargain: for one week during the break, they will set aside their reservations and play at being together, exploring each other and perhaps even learning a little about themselves as well.

My curiosity got the best of me the other day and I gave in by watching one of those "End of the World" conspiracies videos. This time around the date is set for July 29, 2016. So in three days the biblical prophecies will come true and we will be swallowed up by hell fire while the others who are "saved" will rejoice in the heavens.
