Alone In The Wild BOX SET 3 IN 1: 160+ Outdoor Survival Skills That Will Get You Out Alive Without A House. BOOK #1: Outdoor Survival Ultimate Guide. 100 Survival Skills that Will Save Your Life Very few of us will ever be faced with a life or death survival situation, in which knowledge of how to utilize the natural worlds resources could mean the difference between life and death. However, you never know when it could be you. There are many situations, when camping or hiking, when a little bush craft could make your stay more pleasant, avoid problems and conserve resources, quite apart from possibly saving your life. In the modern world, we are so used to being assured of food, shelter and luxury that it is good to remind yourself how well you could manage if all of that were suddenly no longer available. Having some basic survival skills is not only enjoyable but will keep you calm if a situation should escalate, and reassure you that, if the worst should happen, you have already armed yourself with knowledge. BOOK #2: Outdoor Life Survival Manual. 61 Survival Tactics That Will Get YOU Out Alive Without a House. Everything returns to zero. How will you survive on rock bottom? Well cover how to take care of your basic necessities without a house. Well go over multiple scenarios where particular resources may or may not be available to you. We tend to take the modern comforts of life for granted; however these privileges probably wont be around forever. BOOK #3: The Essentials For Wilderness Survival. Alone in the Wild. The Preppers Survival Guide Lets go rough it. Have you ever heard of anyone saying that? Maybe they are speaking of a camping trip and they say that they are going to, Rough It. But what does that mean exactly to, Rough it? Roughing it should refer to just you and mother nature trying to coexist in the wilderness. No cell

phone, no laptop, and no vestige of technological civilization at all. True roughing it, is just you, and the wilderness that surrounds you, it is up to you to make use of this wilderness, to fashion tools out of it and use them to survive. This is the true nature of, Roughing it. This book is to serve as a melding of the minds when it comes to surviving the worst the wilderness can dish out. Bringing forth a network of ideas both old and new of how man can put aside his tamer nature that was produced by high tech society and be at home in the wild. My curiosity got the best of me the other day and I gave in by watching one of those "End of the World" conspiracies videos. This time around the date is set for July 29, 2016. So in three days the biblical prophecies will come true and we will be swallowed up by hell fire while the others who are "saved" will rejoice in the heavens.
