

International Business Information on the Web: Searcher Magazines Guide to Sites & Strategies for Global Business Research

With the increasing globalization of the worlds markets and economies, more firms than ever are looking for business information beyond their own national borders. Finding such information on the Web can be so overwhelming it is often hard to know where to start. The sites selected for this Web research guide are specific to the needs of the business researcher, providing rigorously evaluated and carefully annotated listings of global business information sources. Researchers will find resources that address common business needs such as finding financial information on a foreign company, identifying overseas buyers and suppliers, and finding a market research study or an industry analysis from another country.

My curiosity got the best of me the other day and I gave in by watching one of those "End of the World" conspiracies videos. This time around the date is set for July 29, 2016. So in three days the biblical prophecies will come true and we will be swallowed up by hell fire while the others who are "saved" will rejoice in the heavens.
