Stop frustration in its tracks. Learn how to push through frustration and feel more centered and focused. With this powerful hypnosis and meditation script, you can find control and inner peace. Motivational Hypnotherapy and Rachael Meddows have combined their talents and years of hypnotherapy experience to create a one-of-a-kind program that will specifically help you remove negative thinking and negative energy, and will help you deal with what triggers your frustration in a healthier way. Over 2 million downloads have been sold! With this script, you will be well on your journey to positive change. Hypnosis is an incredibly powerful tool, and we know you'll see results. This hypnosis script is designed for people who want to create their own hypnosis recordings for personal use only. It is an easy-to-use guide that can be tailored on a person-to-person basis. There are three main parts to the script: the induction, hypnosis pattern, and endings. Both sleep and wake endings for your convenience. We have included two induction options for you, the Garden Induction and Staircase Induction. The Garden Induction is an original induction that takes the reader through a soothing garden and is wonderful for deep relaxation. The Staircase Induction is a unique version of the standard staircase induction used by many professional hypnotherapists. The entire script is intended to be delivered in normal tone with normal breathing, making sure to honor the pause breaks for at least 15 seconds or longer. We have also included affirmations that will benefit you as you go through your hypnosis session. Don't let frustration hold you back, take control today.

temptations are just too good to pass up. My curiosity got the best of me the other day and I gave in by watching one of those "End of the World" conspiracies videos.
