SEX OR SUFFER [Dark Colony 1] [Siren Menage Amour 23: Erotic Sci-Fi, Multiple Sex Partner Romance] Devastated to discover she harbors the SOS virus, medical researcher, Dr. Penelope Drake hires Captain Gray Wyckoff to take her across the galaxy to the cure on Parsec Five. As Penelope fights for a permanent remedy to cure this monstrous disease, the deplorable question in her mind repeats: How did she contract the virus in the first place? Captain Gray Wyckoff burns every bridge he's ever built to get Penelope there, only to find she can't deliver the payment she's promised. Serving as her temporary sexual cure along the way only adds to his feelings of betrayal. He thought he loved her. Now he's not sure he can forgive her. Love her? Leave her? The choice between sex or suffering has never been so hard to make. Especially when he has to watch her have sex with another man. *** Being a romantic at heart, my favorite stories are those where love is discovered between a hero and heroine and the ultimate struggles they face to be together. Why then would a woman decide to sleep with two different men? That provocative question began this book and my answer came in the form of a virus called Sex or Suffer. Enjoy. ~ Lara

My curiosity got the best of me the other day and I gave in by watching one of those "End of the World" conspiracies videos. This time around the date is set for July 29, 2016. So in three days the biblical prophecies will come true and we will be swallowed up by hell fire while the others who are "saved" will rejoice in the heavens.
