

Traditional Food: A Taste of Korean Life (Korea Essentials)

Nowadays, with healthy living and the slow food movement receiving spotlight worldwide, Korean cuisine is drawing much interest as a healthy cuisine with nutritional harmony and balance. In fact, Koreans have traditionally viewed food as medicine, a means to keep oneself healthy and strong.[] Korea's four seasons and geography have produced a good many seasonal dishes and foods that reflect the nation's geographic characteristics, such as seafood from the ocean that surrounds the peninsula. This book will attempt to explore Korea's 5,000-year-old culinary culture and introduce to readers the historical, cultural, nutritional and philosophical background to this rich cuisine.

My curiosity got the best of me the other day and I gave in by watching one of those "End of the World" conspiracies videos. This time around the date is set for July 29, 2016. So in three days the biblical prophecies will come true and we will be swallowed up by hell fire while the others who are "saved" will rejoice in the heavens.
