

Highgate Shifters: Vol 1

Jaces Justice Finding yourself isnt always easy unless your true mate helps you along the way Jace has always felt as though he doesnt belong, that hes surplus to requirements, alone and destined to stay that way for the rest of his life. His love for Louie, his true mate, is solid and real, but Louie has never shown Jace that theyre mates, has never given any indication that he wants them to be together. Jace is convinced that fate has got things wrong in pairing them until a stranger arrives on pack land, throwing everything into chaos. Louie has lived his whole life keeping his distance from Jace and his emotions. He loves the man with a passion, but knowing Jace might be taken away from him at any moment means Louie has kept his mouth shut. Jace was found on the side of the road as a cub by their alpha, Sergeant, and Louie has always known that one day Jaces true family will come back to claim him. To save Jace having to make a painful decision leave Louie or join his family Louie has remained in the shadows. But life has a way of changing things, and with the stranger comes knowledge of some terrible things happening on another wolf compound. Things that the Highgate pack feel compelled to fix. The question is, will Jace and Louie mating also change things, or will they remain the same as theyve always been, forever circling around their love and never admitting it through fear of being hurt? Vanns Victory Being a Dom in secret being mated to another wolf in secret is something Vann has always done, but now he has the chance to be open about his whole life. Vann grew up under the rule of an alpha at Crossways Compound, who controlled every aspect of his pack members lives. Used to obeying without question, Vann suddenly finds himself in a position where he can make his own decisions outside his sexual relationship. In the past, his trysts with his subby lover, Kip, have been in

secret, snatched moments away from security cameras or listening devices. Now they've been welcomed at Highgate, a safe haven, life should work out beautifully. But there's something Vann has to do first. He has to return to his childhood compound to right the wrongs that were done there. Along with Kip and members of the Highgate security team, Vann has to play the biggest role of his life so far in order to bring down the alpha at Crossways and rescue some cross-bred cubs. It isn't going to be easy, going against someone he's been conditioned to obey, but for the sake of his pack and the safety of the cubs, he'll do whatever it takes. Kip is determined to be with Vann every step of the way. Usually, Kip is submissive in all aspects of their life, preferring to bow his head and only speak when he's given permission. But their return to Crossways changes all that. The danger there is too great for Kip to wait for Vann's instructions on everything he does. Kip knows that to keep Vann safe, he must become more dominant or die trying.

My curiosity got the best of me the other day and I gave in by watching one of those "End of the World" conspiracies videos. This time around the date is set for July 29, 2016. So in three days the biblical prophecies will come true and we will be swallowed up by hell fire while the others who are "saved" will rejoice in the heavens.
