

Ruud Gullit: Portrait of a Genius

Alongside the trophies and impressive performances for club and country, a succession of bust-ups with former managers and fall-outs with PSV and AC Milan suggest that current Chelsea player-manager and BBC football analyzer Ruud Gullit, has a harder, darker side to his character. This biography gets under the skin to examine Gullit's life not only on the pitch but also outside of football - his two marriages and children, alleged liaisons with other women and his talent for songwriting. A new chapter for this paperback edition highlights Gullit's remodelling of the Chelsea team with the new Italian signings and his encounters with the day-to-day demands of football management.
