

The Armenian Liturgy (Analecta Gorgiana)

C. E. Hammonds Antient Liturgies provided a valuable resource at an early stage in comparative liturgical studies. Free of extensive critical apparatus, Antient Liturgies presents a collection of historic forms of worship from the Western, Eastern, and Oriental Churches. This extract from the book focuses on the Armenian liturgy. With a beginning in the early fourth century, in connection with the Exarchate of Caesarea, this liturgy is presented in English. As an analytical introduction this early study continues to provide a broad overview of early Christian worship made available in an accessible and convenient format for students and scholars.
