

Touched By a Horse Inspirational Deck (Whispers from a Horses Heart)

What if you could actually experience what is in a horses heart? You could listen to the whispers of the wisdom held within and be inspired as well as touched emotionally by what was held inside. Through a lifelong relationship with horses and an extensive background as a psychotherapist, Melisa Pearce has created a fun and easy way to learn about ourselves through our interactions with horses. Inspired by the bold equine paintings of artist Jan Taylor, Melisa translated what the paintings portrayed and intuitively wrote the message the horses were expressing. The combined talents of these women brings to you an exquisite deck for your personal use or a wonderous gift. By using these cards daily, you will be inspired, enlightened, and encouraged to continue your journey of personal growth. It is the perfect time to be Touched By A Horse, physically, emotionally, and spiritually.

So in three days the biblical prophecies will come true and we will be swallowed up by hell fire while the others who are "saved" will rejoice in the heavens.
