

# Developing Databases for the Web & Intranets: Your Step-by-Step Guide to Creating Powerful Web Databases

Shows how to create full-featured, database-driven shopping cart ordering systems. Provides both ODBC and embedded SQL solutions to common Web database problems. Demonstrates how to use Java applets and applications for Web and intranet databases, and when it makes sense to use them. Presents state-of-the-art tools for Web database development, and how to work around those tools when there's a more effective approach. Provides extensive coverage of database security issues, as well as how to balance easy access with data security on the Web and intranets.

NEWAGEOFTRUTH There's been too many lies and not enough truth stay updated via rss MY NEW PLAYLIST Why are some looking forward to the end of days? Posted: July 26, 2016 in Cheating, Education, Evil, Politics, Religion, Social Issues Tags: Armageddon, bible, Christianity, Conspiracy theory, Prophecy, Y2K 0 end of days Some temptations are just too good to pass up. My curiosity got the best of me the other day and I gave in by watching one of those "End of the World" conspiracies videos. This time around the date is set for July 29, 2016. So in three days the biblical prophecies will come true and we will be swallowed up by hell fire while the others who are "saved" will rejoice in the heavens.
