

Your Dieting Daughter...Is She Dying For Attention?

This book focuses on the essentials of nutrition, offering clear guidelines for healthy eating and dispelling many of the myths promoted by the diet industry. A concise and informative review of the most popular diet programs helps set the record straight on what's behind all of those promotional campaigns to which adolescent (and younger) girls are regularly exposed. The goal here is to help parents understand the kinds of pressure their daughters are under and to provide them with the necessary knowledge to work with their daughters - rather than against them - in forming a strong, positive, and clear sense of self.

My curiosity got the best of me the other day and I gave in by watching one of those "End of the World" conspiracies videos. This time around the date is set for July 29, 2016. So in three days the biblical prophecies will come true and we will be swallowed up by hell fire while the others who are "saved" will rejoice in the heavens.
