

A Is for Atheist: An A to Z of the Godfree Life

Atheists may be among the fastest growing religious demographics in the world, but they are also perhaps the most misunderstood. To begin, atheists have no identifying marks, no defining habits, no obvious symbols, for all that unites them, essentially, is an absence of belief. As a result, many religious believers may not even realize they know atheists, whether as neighbors, friends, or coworkers. In addition, most major religions warn against the faithless and preach distrust of nonbelievers. This creates not only ignorance about what its like to be an atheist, but also fear about the very idea of atheism. Organized like an encyclopedia, this book aims to rectify this widespread distrust and suspicion with basic understanding. Each entry, written in clear, concise language, covers a specific topic or question related to being an atheist, making this the perfect primer for anyone curious about or interested in atheism whether to learn more about why someone might become an atheist, how someone creates meaning and purpose as an atheist, and what life is like as an atheist.

NEWAGEOFTRUTH There's been too many lies and not enough truth stay updated via rss MY NEW PLAYLIST Why are some looking forward to the end of days? Posted: July 26, 2016 in Cheating, Education, Evil, Politics, Religion, Social Issues Tags: Armageddon, bible, Christianity, Conspiracy theory, Prophecy, Y2K 0 end of days Some temptations are just to good to pass up. My curiosity got the best of me the other day and I gave in by watching one of those "End of the World" conspiracies videos. This time around the date is set for July 29, 2016. So in three days the biblical prophecies will come true and we will be swallowed up by hell fire while the others who are "saved" will rejoice in the heavens.
