

Cyber Crime and IT Risks: The top articles for professionals seeking up-to-date knowledge on trends in Cyber Crime and IT Risks (GlobalRisk Series Book 3)

According to the 2014 Global Risk report compiled by the World Economic forum, the technological risks of cyber attacks, data fraud/theft and critical information infrastructure breakdown are strongly connected to each other and to risks such as terrorist attacks and global governance failure. Fresh thinking at all levels on how to preserve, protect and govern the common good of a trusted cyberspace must be developed. Learn from some top experts in the industry as they explain major IT and Cyber security issues and ways how to address them. Check out their tips and use the links at the end of each article to navigate back to the website to leave your comment or ask a question.

gh truth stay updated via rss MY NEW PLAYLIST Why 6, 2016 in Cheating, Education, Evil, Politics, Religion, Social Issues Tags: Armageddon, bible, Christianity, Conspiracy theory, Prophecy, Y2K 0 end of days Some temptations are just to good to pass up. My curiosity got the best of me the other day and I gave in by watching one of those "End of the World" conspiracies videos. This time around the date is set for July 29, 2016. So in three days the biblical prophecies will come true and we will be swallowed up by hell fire while the others who are "saved" will rejoice in the heavens.
