

Cowboy Blues

(Erotica / Erotic Romance / Contemporary / Western / Rubenesque / Exhibitionism)
Nothing takes more courage than riding a bull--except maybe falling in love. Spencer Cole risks his life every night on the backs of the worlds most dangerous bulls, and thats the way he likes it. A rising star on the professional rodeo circuit, he is poised to be one of the most elite bull riders in America. Until he sustains a devastating injury--a concussion that brings his future as a bull rider into sharp question, and a torn shoulder that requires major surgery. Rebecca Rankins annual trysts with Spencer Cole are the high point of her Independence Day Celebration, but the timing is never right to seek out more from their relationship. She is not prepared to be thrust into the role of nursemaid for a bitter, angry cowboy. But Spencer doesnt just need a nurse...he needs somebody to show him his life didnt end when his career did...

My curiosity got the best of me the other day and I gave in by watching one of those "End of the World" conspiracies videos. This time around the date is set for July 29, 2016.
