

Faith and Science in a Skeptical Age

People remain thankful for science, but they also recognize that science does not hold all the answers. In fact, they see that science can raise more questions than it answers, driving people on further quests for understanding truth, and contentment. Faith and Science in a Skeptical Age shows Christians how to respond to a world focused on finding answers to life's mysteries by exploring current topics and their impacts on our culture.

My curiosity got the best of me the other day and I gave in by watching one of those "End of the World" conspiracies videos. This time around the date is set for July 29, 2016. So in three days the biblical prophecies will come true and we will be swallowed up by hell fire while the others who are "saved" will rejoice in the heavens.
