

Getting Older Is Not for Wimps

This book is a humorous look at the various aspects of growing older. Growing older is mandatory, growing up is optional. Children: A younger friend of mine told me that he believed that life begins when your last child leaves home and takes the dog with him. He has so much to learn. Grandchildren: Grandchildren are Gods reward for not killing your own children. Marriage: I love being married. Its great to find that one special person to annoy for the rest of your life. Doctors: If you go to the doctor and tell him your left arm hurts and he cant figure out why, hell say it is just old age. I dont buy that because my right arm is just as old and it doesnt hurt.
