

Around Ireland Clockwise On A Giant by Patrick McEvoy

A detailed account of my fifty three day cycle trip around the whole of Irelands coastline to celebrate my 70th birthday. Every bend in the road and top of every hill opened up new experiences which are pinpointed by exact locations and peoples names. This book does not focus on Irelands religions, history or politics. Neither is it a reference book relating to bicycles, clothing or cycling techniques. It is a very easy to read book with something in it to interest all age groups. Photographs taken throughout the trip can be viewed on the [website www.aroundirelandclockwiseonagiant.com](http://www.aroundirelandclockwiseonagiant.com) Published March,2011.

My curiosity got the best of me the other day and I gave in by watching one of those "End of the World" conspiracies videos. This time around the date is set for July 29, 2016. So in three days the biblical prophecies will come true and we will be swallowed up by hell fire while the others who are "saved" will rejoice in the heavens.
