

Welcoming Strangers: Nonviolent Re-parenting of Children in Foster Care

Jane Hall Fitz-Gibbon and Andrew Fitz-Gibbon have cared for more than 100 children in a foster care career spanning more than three decades. They developed a method, loving nonviolent re-parenting, to best care for foster children. Re-parenting represents the complex task of caring for children who have been parented already, often inadequately, and mostly involving physical, emotional, and/or systemic violence. Welcoming Strangers analyzes the violence foster children suffer and raises ethical questions why violence is morally problematic, what philosophers have said about human nature and violence, and what moral good should be pursued in childcare. Drawing on an ancient form of ethics, sometimes known as virtue ethics, this book focuses on the traits required to become a loving, nonviolent re-parent. The Fitz-Gibbons tell of their journey in the foster care system with candor, humor, and grace. Covering subjects as diverse as teens, sex, discipline, and the carers own well-being, they describe the difficulties of foster care and the sometimes impossible task of restoring dignity and joy to young lives deeply damaged by violence. This book will be of immense help to foster carers, adopters, caseworkers, case managers, policymakers, and any parent who wants to integrate nonviolent practices into the way they care for children.

So in three days the biblical prophecies will come true and we will be swallowed up by hell fire while the others who are "saved" will rejoice in the heavens.
