

Mandala Coloring Book For Adults: An Adult Colouring Book Containing 100 Mandala Designs

A Mandala Coloring Books for Adults With 100 Designs! Get it today at this low price! This adult coloring book is perfect for those of you looking to relax and de-stress through coloring. This book offers 100, full page, intricate mandala designs created by the author. Mandalas are an ancient art form and are intended to draw the eye to their center, this provides a sense of calm and tranquillity. You can color the designs using everything from colored pencils right through to brush tip markers such as Copics. The pages are printed on one side only, so any potential bleed from the ink will not spoil the design on the other side. If you have particularly potent markers, just add a couple of pieces of scrap paper between the page you're coloring on. Some of the designs are more intricate and some are much more simplistic, so there is a great range of designs to choose from. With the simple designs, you can use a pen to go in and add more lines to create a personalized design if you wish! Although this is an adult coloring book, it's also great for kids and teenagers too and can be enjoyed by all ages.
