

Sugar Baby

In *Sugar Baby* Roberts takes his readers to the dark side of the world of Sugaring. A world that promises that if, Im rich and youre hot, a mutually beneficial trade may be made. But things are never quite that simple, as many young Sugar Babies seek not only to enter into mutually beneficial Arrangements, but some even seek to become willing submissive sex slaves. And then there are the predators who lurk unseen. An up to the minute erotic thriller set in the age of the internet. A story of obsession, madness, perversion and forbidden passions. The story takes place in modern day NYC, Jack Steele is an Academy award winning screen writer whos life has fallen apart since his wife and 16 year old daughter were run down and killed right in front of him by a driver high on crystal meth. He suffers severe Post Traumatic Stress Disorder. Four years have elapsed since the incident and his mental health, life and career are in tatters. He hears voices, suffers recurring nightmares, drinks and relies on hypnosis and a pharmacopeia of anti psychotic medications to get through his day. He has disassociated from everyone and lives as a recluse in his Soho apartment. The only people he ventures out to see are his psychiatrist and psychotherapist. His connection with the world survives only through the blue glow of his internet. He gets the idea for a new screenplay that he thinks will put him back on top again. He learns the worlds top selling story genre is now Female Kink Erotica and the audience has an insatiable appetite for more. He decides to tackle the genre for his next screen project. Upon researching he discovers a popular online dating site called Sugar Sugar, a site that matches very young girls with wealthy older men in Arrangements. Going on the site he discovers that the site and its members appear to a goldmine for relevant material for his new project. One of the Sugar

Babies he finds online is a very young and beautiful innocent aspiring model, Caroline. She tells him she is 18 and a virgin, whose life has been obsessively guarded by her over protective mother. Caroline harbours some very dark fantasies that she says she needs to act out with Steele. At the same time a series of murders is taking place in the 5 Boroughs of NYC, 4 girls in 4 months have been murdered in a grisly fashion. Will Caroline be number 5? The one common link for all the dead girls is that they have all been listed as Sugar Babies seeking an Arrangement on the Sugar Sugar site. The NYC Homicide Police have a massive manhunt underway to try and track down the serial killer before another Sugar Baby is found murdered. As Steele continues his interactions on the Sugar Sugar site he starts becoming more and more consumed by the Sugar Babies and Caroline in particular. Steele becomes drawn into Caroline's dark S&M fantasies which have a dramatic and shocking ending.
