

Corporate Strategy: A Feminist Perspective (Routledge Research in Strategic Management)

This book takes a fresh look at corporate strategy, exploring it from a feminist perspective. Challenging male-dominated theory, Corporate Strategy looks at unquestioned assumptions held about strategy in practice and academia, including whether women approach strategy differently from men, and if so, how their approach differs? Reviewing the histories of strategy and feminism, the book explores the reasons why so few serious works on strategy have been written by women, and investigates the continued lack of women at senior levels within many organizations. Angelique du Toit draws on postmodern arguments to illustrate the claims made for the necessity of diversity within organizations, and challenges the fact that positions of power, both in society and organizations remain the exclusive right of men. Corporate Strategy argues that if an organization is to survive and succeed in the global economy, it has to pay more than lip service to issues surrounding diversity.

NEWAGEOFTRUTH There's been too many lies and not enough truth stay updated via rss MY NEW PLAYLIST Why are some looking forward to the end of days? Posted: July 26, 2016 in Cheating, Education, Evil, Politics, Religion, Social Issues Tags: Armageddon, bible, Christianity, Conspiracy theory, Prophecy, Y2K 0 end of days Some temptations are just too good to pass up. My curiosity got the best of me the other day and I gave in by watching one of those "End of the World" conspiracies videos. This time around the date is set for July 29, 2016. So in three days the biblical prophecies will come true and we will be swallowed up by hell fire while the others who are "saved" will rejoice in the heavens.
