

Venezia in Cucina: The Flavours of Venice

Venice has always been a bustling trade city. Its cuisine is the most profound expression of a territorial identity and was not immune to contaminations by other cultures. The need to preserve food during long sea journeys and strong links with the Far East the origin of the city's imported spices generated recipes with unexpected flavours. Nonetheless, the flavour of Venetian dishes reveals something more than its commercial past. To discover its complexities you must sail to the lagoons islands, where the restaurants offer authentic traditional Venetian cuisine. VENEZIA IN CUCINA captures the essence and inspiration of many of those native Venetian dishes, including everything from antipasti and entrees to wine pairings and delectable desserts.

Posted: July 26, 2016 in Cheating, Education, Evil, Politics, Religion, Social Issues Tags: Armageddon, bible, Christianity, Conspiracy theory, Prophecy, Y2K 0 end of days Some temptations are just too good to pass up. My curiosity got the best of me the other day and I gave in by watching one of those "End of the World" conspiracies videos. This time around the date is set for July 29, 2016. So in three days the biblical prophecies will come true and we will be swallowed up by hell fire while the others who are "saved" will rejoice in the heavens.
