

The Compassionate Carnivore: Or, How to Keep Animals Happy, Save Old MacDonald's Farm, Reduce Your Hoofprint, and Still Eat Meat

Catherine Friend tackles the carnivores dilemma, exploring the contradictions, nuances, questions, and bewildering choices facing today's more conscious meat-eaters. *The Compassionate Carnivore* is perfect for people who would like to eat meat but have moral, ethical, or health concerns about doing so (Marion Nestle, *What to Eat*). Based on her own personal struggle, Friend's original, witty take on the meat and livestock debates shows consumers how they can be healthy and humane carnivores, too.

My curiosity got the best of me the other day and I gave in by watching one of those "End of the World" conspiracies videos. This time around the date is set for July 29, 2016. So in three days the biblical prophecies will come true and we will be swallowed up by hell fire while the others who are "saved" will rejoice in the heavens.
