

Fading Toward Enlightenment

A MAN Though I didnt know it at the time, I heard the Sirens song within my mothers womb. Even before I was born, I was being drawn to my death. A CAMERA Thus begins the true story of a gifted photographers quest for inner peace. Beautifully illustrated with 79 fine-art images, Fading Toward Enlightenment leads the reader on a modern-day heros journey. From the anguish of self-loathing - past the traps of the mind, photographer and author Wayne Wirs poetically recounts his search for tranquility in the midst of todays fast-paced world. A QUEST Following no particular school of thought, Mr. Wirs recounts his journey from a typical, solid life to one that is dynamic, flowing and at times filled with the Divine. Fans of the The Celestine Prophecy, The Alchemist, and the Tao Te Ching will find a voice that resonates true in the authors poetic words and inspiring images.

My curiosity got the best of me the other day and I gave in by watching one of those "End of the World" conspiracies videos. This time around the date is set for July 29, 2016. So in three days the biblical prophecies will come true and we will be swallowed up by hell fire while the others who are "saved" will rejoice in the heavens.
