

Farm Journals Freezing & Canning Cookbook

Since Farm Journals first Freezing & Canning Cookbook appeared in 1963 millions of women have come to regard it as the most reliable guide to preserving food at home. This second revised edition will enhance that reputation. The major changes are in the canning section and explain newer procedures that are based on latest research. If you're canning and freezing for the first time, you will find this book invaluable in learning the basic methods that yield superior food with excellent keeping qualities. More than that, the book is filled with ideas and directions and recipes for making and preserving homemade convenience foods- frozen main dishes, breads and desserts, home-canned jams, jellies, pickles and relishes.

My curiosity got the best of me the other day and I gave in by watching one of those "End of the World" conspiracies videos. This time around the date is set for July 29, 2016. So in three days the biblical prophecies will come true and we will be swallowed up by hell fire while the others who are "saved" will rejoice in the heavens.
