

The Crisis of Religious Symbolism & Symbolism and Reality

Combined here in one volume are two books, *The Crisis of Religious Symbolism and Symbolism and Reality*. Although published seven years apart, these two works are integral to one another. *Symbolism and Reality* represents a kind of sabbath rest--its subtitle says reflection--after the mighty works of *The Crisis of Religious Symbolism*, where the deep structures of three hundred years of Western philosophical and cultural development are brought to the surface, analyzed, and made meaningful in the light of what Jean Borella has termed the metaphysics of the symbol. Together, these two books represent a cleansing and restoration of a Christian vision of the world. Through Jean Borellas witness to the death and resurrection of religious symbolism presented here, we are given entrance to a world renewed in Christ. Borellas writing shines with wayside jewels of intuition, as well as proceeding with a rich vein of theological reasoning.--Malachi Martin

So in three days the biblical prophecies will come true and we will be swallowed up by hell fire while the others who are "saved" will rejoice in the heavens.
