

# Id Rather Be in Charge: A Legendary Business Leaders Roadmap for Achieving Pride, Power, and Joy at Work

Charlotte Beers is proof that women can achieve power, pride, and joy at work despite the odds. In the highly competitive and often cutthroat world of advertising, Charlotte became the first female ever to head two giant, multinational advertising agencies. In serving her demanding clients, she helped build many of the most important brands around the world. Today, Charlotte rates her current title as her most satisfying, as she travels through the United States and Europe educating women on how to ignite their own strengths, in what she calls the era of forging ahead for women. Her pioneering experiences have been captured in *Id Rather Be in Charge*, creating a blueprint for women as they face their own challenges and strive to achieve the positions of leadership and influence they deserve. Told in an intimate and honest style, *Id Rather Be in Charge* is part personal history, part pragmatic guide, as Charlotte describes her own experiences, lessons from her peers such as Martha Stewart and Suze Orman, as well as stories of her students' transformations. By chronicling both successes and mistakes, Charlotte proves that finding your own personal style of leadership is the only way to take charge, find satisfaction, and gain confidence in the ever-evolving workplace of today. *Id Rather Be in Charge* is a breakthrough book. It is a master class for women who are ready to shatter their own glass ceilings.

My curiosity got the best of me the other day and I gave in by watching one of those "End of the World" conspiracies videos. This time around the date is set for July 29, 2016. So in three days the biblical prophecies will come true and we will be swallowed up by hell fire while the others who are "saved" will rejoice in the heavens.
