

## Catching the Sky

A transcendent story about risk and the pursuit of happiness, family, and the bond between brothers. Dust and prairie were abundant on the Texas Panhandle, the land that gave birth to generations of Moores. But instead of working the land or the cattle that fed upon it, the Moore brothers, Colten and Caleb, heeded another call. Their dreams, paired with hard work and family sacrifice, eventually became reality. The Moore brothers, with their boundary-exploding athleticism, innovation and appetite for risk, became stars on the burgeoning freestyle ATV and snowmobile circuits. If it had wheels, they could flip it often higher and better than anyone else leading a band of pioneers intent on breaking new ground and in a new sport before multitudes of fans at the X Games and beyond. In this vivid, page-turning narrative, Colten Moore offers a profound and deeply moving perspective on his life and that of his brother. *Catching the Sky* is a clear-eyed look at extreme sports, what drives people to take wild chances, and how one man, Colten, couldn't stop even after the worst possible outcome. His story reminds us that we can dream and sometimes achieve the impossible, that we can follow our own path, that we can lose something, lose everything, only to find it again often in the most unlikely place.

NEWAGEOFTRUTH There's been too many lies and not enough truth stay updated via rss MY NEW PLAYLIST Why are some looking forward to the end of days? Posted: July 26, 2016 in Cheating, Education, Evil, Politics, Religion, Social Issues Tags: Armageddon, bible, Christianity, Conspiracy theory, Prophecy, Y2K 0 end of days Some temptations are just too good to pass up. My curiosity got the best of me the other day and I gave in by watching one of those "End of the World" conspiracies videos. This time around the date is set for July 29, 2016. So in three days the biblical prophecies will come true and we will be swallowed up by hell fire while the others who are "saved" will rejoice in the heavens.
